Chicago's Straw Hat Day  
A Long in Four Hours  
Em Quick and Often  
Famous Gangsters

AGOS May 27—Yesterday was the day of Chicago with "straw hat" weather. It takes our depression a Chicago man will I don't know whether he reached bottom or not now the bottom is there and away I am no

Buckley, of Wall street who absorbed business in Chicago, passing to visit the folks in Iowa, the feeling of many there is nothing that a man can do to get away from a million would not cure.

Wrigley carrying on the of his father the late Wrigley Jr. is a good meter of business conditions. Everybody that calls any also calls his product. He used to say he had one hundred per cent distribution and ten per cent of those that sold chewing gum and cent that had no business

Other advertisers might borrow slogan

McKINLEY president of the Field & Co. shows you the world's biggest building. The Field & Co. Mart built to supply the country's wholesalers a one-story show room market for

This building with four million of floor space should be duplicated in other big cities when it delivers goods and here is a private freight platform or trucks 700 feet long. The rail down the ground the building covers the air and the small amount of ground in which its supporting columns are buried

JAMES SIMPSON is away from Africa and Asia a few days of Chicago efficiency. His son was shooting in Africa. James Simpson took an airplane in Egypt flew down to the country where lions roar and bite and shot his first lion four hours after he landed. Thence he proceeded to India to shoot tigers and will be back in a week

Greater efficiency hath or could have no man than this, unless he should bring his live lions to Chicago and shoot them on the lake front

DR. RACHELLE YARROS is intelligent young woman who super the family consultation for the Illinois Social Hygiene League as a positive that husbands do not want to be flirty and uncertain

They want to settle down permanently they want to be faithful they are at heart almost as monogamous as the wild gander that never takes a new mate when the goose dies but spends its life mourning although eating heartily

In fact Dr. Yarros says, men that have not found the right woman and settled down to permanency are pitifully lonely

MR. OUS SANGER kidnapping gangster has made a discovery important to kidnappers namely that the kidnaper should attend to one thing at a time. He and his comrade kidnaped Dr. Max Gerecht and his wife. They deprived and wife of all her clothing and retained her to the foot of the bed.

Columbus Man Found Guilty of Taking Part in Hold-up Here.

AWAITS SENTENCE IN JAIL

Alibi Fails To Alter Verdict of Eight Women Four Men

Miss Cirone 25 of Columbus, was found guilty late yesterday of robbing the Marion Rapid Transit Co. office on North Main street of \$250 last Feb. 25. A jury of eight women and four men deliberated not quite two hours and reported their verdict to Common Pleas Judge George B. Scott at 5:45 p.m.

Judge Scott has not yet passed sentence. Cirone was taken back to the county jail to await his sentence.

Ferguson on Stand

One of the first witnesses on the stand yesterday afternoon was Frank Ferguson of Columbus now in the Marion Rapid Transit Co. office on North Main street in the bus station holdup. He corroborated the story told by Ernest Denison of Columbus now in the city prison there awaiting prosecution on a charge of robbery in connection with another holdup.

Both Ferguson and Denison declared that they had held up the bus and that Cirone was not with them at the time Cirone asserted that he did not take part in the holdup and that he was working in the Northern Restaurant on North High street in Columbus at the time it was staged. He is manager of the restaurant.

A meal ticket of the Northern Restaurant was one of the exhibits entered by Cirone. He said he distinctly remembered selling the ticket just after midnight on Feb. 25 when the holdup occurred. The

## SCOUTS WILL GATHER FLOWERS FOR GRAVES

To Be in Charge of  
Decorating the Cemetery  
Memorial Day.

Assigned the duty of placing  
flowers on the graves of all war  
veterans, Boy Scouts this year will  
take more active part in the ob-  
servance of Memorial day. In ad-  
dition to the task of gathering the  
flowers Monday morning, the boys  
will have the entire responsibility  
of seeing that the grave of each

war veteran is decorated with a  
bouquet of flowers.  
All persons having flowers they  
wish to give have been asked to  
call the office of Sheriff C. C. Fye  
in the courthouse Monday morning  
in case they are overlooked in the  
regular collection. Scouts will be  
sent at once for the flowers.

In a bulletin issued to all scout-  
masters, assistant scoutmasters  
and chairmen of troop committees,  
Scout Executive Arthur S. Brooks  
urged that each troop take part in  
the parade. "As Memorial day is  
the only occasion in the year when  
the Boy Scouts parade in the line  
of march, a special effort is being  
made to have all Scouts partici-  
pate," the bulletin said. The scouts  
will assemble at the Central Jun-  
ior High school at 1 p. m. and will

march by divisions, under district  
commissioners, Carl F. Ebert,  
Floyd G. Browne, J. E. Frew and  
John W. Caldwell, Sr.  
The cemetery has been divided  
into areas for the occasion and  
each troop will be assigned to  
an area.

## DISPLAY OF FLAGS URGED BY MAYOR

Business places and private homes  
were urged by Mayor W. C. Phil-  
lips to display the national colors  
Monday. All city offices will close  
in observance of Memorial day.  
It is the one day of the year,  
Phillips said, in which each resi-  
dent is given the opportunity to  
show respect and reverence to the

memory of those who have fought  
in the nation's wars.  
A Kansas City inventor's patent  
marker punctures the tires  
of an automobile the driver of  
which disregards signs to stop.

And it's the easiest thing in the  
world to prepare. Just fill a  
bowl with Kellogg's Rice  
Krispies, pour on milk or cream

is! Help yourself! Protein,  
energy, vitamins—all in this  
delicious treat.

Every one likes Rice Krispies  
because it's such a different  
cereal. Toasted rice bubbles  
that actually crackle in milk  
or cream. Delicious for break-  
fast. Splendid for the children's  
supper—so healthful and  
easy to digest.

Just ask your grocer for the  
red-and-green package. Rice  
Krispies are always oven-fresh  
—protected by the famous  
Kellogg's inside waxed bag.

## DIRECTORS REPLY TO SHOVEL CO. ACTION

### Marion National Contends Alleged Contract Guaranteeing Funds Not Valid.

Six directors of the Marion National bank, in an answer filed in common pleas court this morning, contend that the alleged contract by which they were bound to guarantee the deposits of the Marion Steam Shovel Co. up to \$30,000, is null and void because it lacks the signatures of two of the bank's directors.

The directors signed their names to the contract with the understanding that they were not in any manner to be bound by the terms of it, jointly or individually, unless the company obtained the signatures of one or both of the two remaining directors, according to the answer.

The answering directors state that they signed the contract at the request and demand of the company and as directors of the bank, and pay in any other capacity. The law firm of Mouser, Young, Mouser & Whitt represents the answering directors.

## Police Nab Man on Theft Charge After Two Years

A watch maintained by the police for nearly two years was rewarded late yesterday afternoon when John Jones, 29, of 578 Thompson street, was arrested on a charge of stealing an automobile belonging to Harry Wintraub in 1936.

The car was later recovered at Christian, Va., but Jones disappeared. Several times in the last two years he was reported to the police as being in the city. Each time however, he managed to escape arrest. Yesterday police again learned he was here. He was arrested yesterday shortly after 5 p. m.

Because the stolen car was taken out of the state, the theft became a federal offense. Jones will be taken to Toledo tonight by federal officers for a hearing in federal court.

Telegram Received from Victim's Father After Funeral Is Held.

The body of David P. Quarles, a Negro who was killed in an attempt to alight from a freight train in the Erie yards last Friday, was taken from the Marion cemetery and shipped to East St. Louis last night after a telegram was received from the man's father, Mr. Quarles, by M. ## FLASHES OF LIFE

PHOTOGRAPH.—It's all right to correct errors in grammar, but be careful about picking examples. An Assistant Corporation Counsel, in a school book entitled "Common Errors in English," corrected a sentence saying: "The gangsters nor murderers are molested very much by the Chicago police." He dictated a story to the publisher saying something ominous about libel.

MINNEAPOLIS.—Raymond Johnson, 12, made a good catch and thereby saved a life. Glancing up, he saw a baby falling off an apartment house roof. He caught the child as it fell, and was knocked to the ground. The baby suffered a possible skull fracture but doctors said it would live.

NEW YORK.—Gravy, gravy everywhere but folks don't know

what to do with it. Is the pair Outzen Berglum, sculptor of mountains, looks at the economic situation. "It is all cowardice. Our souls are sick and our knees are trembling. We are covered with the gray of plenty and we don't know what to do with it."

DILLON, N. C.—"Just watch me when this one," said Attorney L. C. Moore to Henry Lucious, whom he was showing how to play golf. When he did, the ball sailed from the tee like a shot. But Lucious wasn't interested in its progress. He was lying on the ground with a fractured jaw. After hitting the ball, the club hit him.

ST. JOHNSBURY, Vt.—Robert Demers, star twister of the Pairbanks Vocational High school nine, won't win any more games this season. He told police two men waylaid him, and belabored his pitching arm with a club until it was bruised and swollen.

Our dear Alma Mater we bid you adieu  
As we tread toward the open door  
Hand in hand through the mystic future  
With thoughts of you and the days of yore  
To our classmates friends and teachers all  
Whom shared our labor and cheer

## U. S. TOKYO FLIER WAITS SOUTH WIND

By The Associated Press  
SEATTLE, Wash., May 27.—A  
take-off wind blowing from the  
south with a velocity of at least  
six miles an hour has delayed the  
today by Nathan C. Brown, New  
York flier to enable him to go  
into the air with his plane on a  
non-stop flight to Tokyo.

Delivered several days ago to  
weather over the Pacific, Brown  
said he was anxious to start the  
trip tonight but he did not  
want to hazard wrecking the Lone  
Star by taking off under adverse  
conditions.

A falling barometer was in-  
terpreted by Charles O. Schick, re-  
sponsible to indicate a probable

## Children Will Ask Hoover to Release Father

By The Associated Press  
DETROIT, Mich., May 27.—  
With transportation provided by  
a bus line and funds donated by  
friends and acquaintances, the  
late-old Bernice Fogan was en-  
route to Washington today to  
see President Hoover in a  
final effort to obtain the release  
of her father, a federal prisoner  
in the county jail here.

With Bernice were her sister  
Irene, 11, and her brother  
Clifford, 10. All of them insist  
the arrest of their father Charles  
R. Fogan on a charge of un-  
lawfully driving an automobile  
from St. Joseph, Mo., to Detroit  
is all a mistake. Three other  
Fogan children remained at  
home with their mother.

When the father first was ar-  
rested by state authorities  
Bernice appeared before Gov.  
Wilbur M. Bruce to urge him  
not to order his extradition.  
Fogan was released in circuit  
court on a habeas corpus writ  
but immediately rearrested by  
federal authorities.

Fogan asserts the automobile  
was given him by a Missouri man  
to sell in Detroit but that he had  
been unable to sell it and lacked  
funds with which to return it to  
its owner.

## MOTHER IS CHARGED WITH SLAYING BABE

By The Associated Press  
BOWLING GREEN, O., May 27.—  
A first degree murder charge  
was entered today against  
Eveline Lammert Reidschell, alias  
Glady Lammert, 24, in connection  
with the slaying of a new born  
baby. The woman is under arrest  
at Davenport, Ia., and Wood coun-  
ty officials said they would seek  
her extradition.

Marion Parson, 23, of North Bal-  
timore, believed by authorities to  
be implicated in the case was held  
in jail here.

The murder charge was placed  
against the woman by Coroner  
Harold Whitaker who said the  
infant was killed by blows on the  
head shortly after it was born.  
The body of the baby concealed  
in a cardboard box was found in  
a junk heap in the woods near  
Cygnet, eight miles south of here.

Authorities believe the woman  
lived in the woods for a week with-  
out shelter, supposedly awaiting  
the birth of the child.

## WOULD SUBMIT DRY LAW TO STATE VOTE

Illinois Republican Keynote  
Calls for Showdown on  
Liquor Question.

By The Associated Press  
SPRINGFIELD, Ill., May 27.—  
Submissions to the state of a propo-  
sition to repeal the Eighteenth  
amendment was recommended at  
the Illinois state convention to-  
day by its temporary chairman and  
keynote speaker Frank L. Smith  
of Dwight.

Calling for a showdown on the  
wet and dry question the time  
had come to make prohibition a party  
issue and to settle it one way or  
the other.

Although advocating the enforce-  
ment of the prohibition laws, as  
long as they are on the statute  
books the personally dry tempo-  
rary chairman said he would like  
to see the party "insist that con-  
gress pass and submit to the states  
the earliest possible date a  
proper resolution for repeal of the  
Eighteenth amendment and pro-  
vide that the states act upon it in  
constitutional conventions com-  
posed of delegates chosen upon that  
one issue only."

# DENIES WIFE'S KIDNAP CHARGE

Reconciliation, Not Abduction. Broker Explains from Cell in California Jail.

By The Associated Press

PLACERVILLE, Calif., May 27.—Reconciliation—not abduction—was the explanation given today by Alfred C. Read Jr., for bringing his estranged wife, Mrs. Marion Y. Read, here from Oklahoma.

In the Eldorado county jail, the broker, whose young and attractive wife has sued Claire Windsor, actress, for alienation of affections and Read for divorce, denied he abducted his wife at the point of a gun.

In a nearby hotel, Mrs. Read insisted her husband "kidnaped" her.

**Vanished Wednesday**

Mrs. Read vanished from in front of the Oakland home of J. W. Decker, an automobile salesman, Wednesday night. She drove into Placerville yesterday in an automobile she told authorities was used by her husband in "carrying her off." She said she escaped from Read and a man companion, Stewart Trumbauer, as they slept by the mountain roadside. Trumbauer also is in jail.

The two men were arrested by Charles F. Wood at the request of Oakland authorities. He found the men, weary and footsore, walking toward Placerville.

Sheriff Wood said Read was carrying a pistol and admitted forcing his wife to accompany him.

"He said he thought if he could get her up here away from everything," Sheriff Wood added, "he could talk her out of divorcing him."

**"Sales Talk" Falls**

Mrs. Read told officers her husband tried "his sales talk" on her in an attempt to persuade her to drop a \$100,000 alienation suit against Miss Windsor and her divorce suit, in which she named the actress as corespondent. She declared she would do neither.

She accused Decker, Trumbauer and Mr. and Mrs. Frank Trumbauer of assisting in the alleged plot to abduct her.

Mrs. Read declared she would swear to a kidnapping charge despite the expressed doubt of authorities that such a charge against a husband would be sustained.

**CHILDREN'S MEALS**

**COST PENNY EACH**

WASHINGTON—A penny a meal is all the school children of Porto Rico pay for their fare. If they haven't this pittance, they may pay in produce.

Theodore Roosevelt, in his last written review of education in Porto Rico before being appointed governor-general of the Philippines, describes the schooling of the natives.

The cheap meals are prepared and served by girls paid part of their training in line with government methods to disseminate "practical knowledge."

Porto Rican schools are built on small farms of from five to 15 acres. These the schoolboys cultivate and receive for themselves one-third of the proceeds. The remainder is either sold for school funds, or used in school lunch rooms. The young farmers are likewise encouraged to cultivate their own truck gardens and receive practical prizes for meritorious work. Manual training also plays an important part in their education.

Girls are taught home economics and sewing, as well as being put to serving meals.

More than 80 miles of reinforced concrete piling were driven to support the new United States Department of Commerce building, recently opened for use at Washington, D. C.
